

AgileThought™

Human Potential, Digitally Delivered

Investor Presentation

May 2021

Disclaimer

Disclaimers

This presentation is provided for informational purposes only and has been prepared to assist interested parties in making their own evaluation with respect to a potential business combination (the “proposed business combination”) between AgileThought, Inc. (“AgileThought”) and LIV Capital Acquisition Corp. (“LIVK”) and related transactions (the “Transactions”) and for no other purpose. No representations or warranties, express or implied are given in, or in respect of, this presentation. Industry and market data used in this presentation have been obtained from third-party industry publications and sources as well as from research reports prepared for other purposes. Neither AgileThought nor LIVK has independently verified the data obtained from these sources and cannot assure you of the data’s accuracy or completeness. This data is subject to change. In addition, this presentation does not purport to be all-inclusive or to contain all of the information that may be required to make a full analysis of AgileThought or the Transactions. Viewers of this presentation should each make their own evaluation of AgileThought and of the relevance and adequacy of the information and should make such other investigations as they deem necessary.

Forward-Looking Statements

This presentation includes “forward-looking statements” within the meaning of the “safe harbor” provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as “estimate,” “plan,” “project,” “forecast,” “intend,” “will,” “expect,” “anticipate,” “believe,” “seek,” “target” or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements include, but are not limited to, statements regarding estimates and forecasts of financial and performance metrics and AgileThought’s ability to achieve those metrics, projections of market opportunity and AgileThought’s sales pipeline, projections regarding clients and AgileThought’s ability to maintain and grow and add additional client relationships, statements regarding potential future acquisitions and business expansion opportunities, statements regarding AgileThought’s ability to source and retain talent, statements regarding the potential benefits and the commercial attractiveness to its clients of AgileThought’s services, statements regarding AgileThought’s value, and statements regarding the potential results and benefits of the Transactions (including with respect to the success of the PIPE offering that is included as part of the Transactions, the amount of redemption requests made by LIVK’s public stockholders, and shareholder value), and expectations related to the terms and timing of the Transactions. These statements are based on various assumptions, whether or not identified in this presentation, and on the current expectations of AgileThought’s and LIVK’s management and are not predictions of actual performance. These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, and must not be relied on by any investor as, a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of AgileThought and LIVK. These forward-looking statements are subject to a number of risks and uncertainties, including AgileThought’s ability to retain and expand clients’ use of AgileThought’s services and attract new clients and market adoption of AgileThought’s services; AgileThought’s ability to identify and execute and close on acquisitions; AgileThought’s ability to source and retain talent; AgileThought’s ability to execute on its business model and risks related to its growth strategies; market, financial, political and legal conditions, including in the international markets in which AgileThought operates; the impact of the COVID-19 pandemic on AgileThought’s business and the global economy; the inability of the parties to successfully or timely consummate the proposed business combination, including the risk that any required regulatory approvals are not obtained, are delayed or are subject to unanticipated conditions that could adversely affect the combined company or the expected benefits of the proposed business combination or that the approval of the stockholders of LIVK or AgileThought is not obtained; failure to realize the anticipated benefits of the proposed business combination; risks relating to the uncertainty of the projected financial and operating information with respect to AgileThought, including AgileThought’s long-term financial goals; the effects of competition on AgileThought’s future business; the amount of redemption requests made by LIVK’s public stockholders; the ability of LIVK to complete the PIPE financing as described in the presentation as part of the Transactions in connection with the proposed business combination, and those factors discussed in LIVK’s final prospectus filed on December 10, 2019 and Annual Report on Form 10-K for the fiscal year ended December 31, 2020, in each case, under the heading “Risk Factors,” and other documents of LIVK filed, or to be filed, with the Securities and Exchange Commission (“SEC”). If any of these risks materialize or any of LIVK’s or AgileThought’s assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that neither LIVK nor AgileThought presently know or that LIVK and AgileThought currently believe are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. In addition, forward-looking statements reflect LIVK’s and AgileThought’s expectations, plans or forecasts of future events and views as of the date of this presentation. LIVK and AgileThought anticipate that subsequent events and developments will cause LIVK’s and AgileThought’s assessments to change. However, while LIVK and AgileThought may elect to update these forward-looking statements at some point in the future, LIVK and AgileThought specifically disclaim any obligation to do so. These forward-looking statements should not be relied upon as representing LIVK’s and AgileThought’s assessments as of any date subsequent to the date of this presentation. Accordingly, undue reliance should not be placed upon the forward-looking statements.

Use of Projections

This presentation contains projected financial information with respect to AgileThought, including GAAP Revenue, GAAP Gross Profit, GAAP Gross Margin, GAAP Capital Expenditures, Adjusted EBITDA and Adjusted EBITDA Margin for 2021 and 2022 and Free Cash Flow Conversion for 2022, and the financial information included in AgileThought’s long-term target operating model. Such projected financial information constitutes forward-looking information and is for illustrative purposes only and should not be relied upon as necessarily being indicative of future results. The assumptions and estimates underlying such projected financial information are inherently uncertain and are subject to a wide variety of significant business, economic, competitive and other risks and uncertainties that could cause actual results to differ materially from those contained in the prospective financial information. See “Forward-Looking Statements” above. Actual results may differ materially from the results contemplated by the projected financial information contained in this presentation, and the inclusion of such information in this presentation should not be regarded as a representation by any person that the results reflected in such projections will be achieved. Neither of the independent registered public accounting firms of AgileThought or LIVK have audited, reviewed, compiled, or performed any procedures with respect to the projections for the purpose of their inclusion in this presentation, and accordingly, neither of them expressed an opinion or provided any other form of assurance with respect thereto for the purpose of this presentation.

Disclaimer (cont.)

Non-GAAP Financial Measures

Some of the financial information and data contained in this presentation, such as PF Revenue, PF Gross Profit, PF Gross Profit Margin, Adjusted EBITDA, Adjusted EBITDA Margin, PF Adjusted EBITDA, PF Adjusted EBITDA Margin, Free Cash Flow Conversion and the financial information included in AgileThought's long-term target operating model, have not been prepared in accordance with generally accepted accounting principles in the United States ("GAAP"). PF Revenue is defined as GAAP revenue plus adjustments for acquired businesses and less adjustments for divested or discontinued businesses. PF Gross Profit is defined as GAAP gross profit plus adjustments for acquired businesses and less adjustments for divested or discontinued businesses. PF Gross Profit Margin is defined as PF Gross Profit divided by PF Revenue. Adjusted EBITDA is defined as net profit/(loss) plus income tax expense/(benefit), plus other interest expense, net, plus other expense/(income), plus impairment losses, plus depreciation and amortization plus stock-based compensation expense. Adjusted EBITDA Margin (for 2021 and 2022) is defined as Adjusted EBITDA divided by GAAP revenue. PF Adjusted EBITDA is defined as Adjusted EBITDA plus adjustments for acquired businesses and less adjustments for divested or discontinued businesses. PF Adjusted EBITDA Margin (for 2018, 2019 and 2020) is defined as PF Adjusted EBITDA divided by PF Revenue. Free Cash Flow Conversion (for 2022) is defined as Adjusted EBITDA less GAAP Capital Expenditures divided by Adjusted EBITDA.

LIV and AgileThought believe these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to AgileThought's financial condition and results of operations. LIVK and AgileThought believe that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating actual and projected operating results and trends in and in comparing AgileThought's financial measures with other similar companies, many of which present similar non-GAAP financial measures to investors. Neither LIVK nor AgileThought considers these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP. The principal limitation of these non-GAAP financial measures is that they exclude significant expenses and other amounts that are required by GAAP to be recorded in AgileThought's financial statements and include the effects of certain acquisitions and dispositions as if those acquisitions and dispositions had all occurred at the beginning of the applicable reporting period. In addition, these non-GAAP financial measures are subject to inherent limitations as they reflect the exercise of judgments by management about which expense and other amounts are excluded or included in determining these non-GAAP financial measures. In order to compensate for these limitations, AgileThought presents non-GAAP financial measures in connection with GAAP results. AgileThought is not providing a reconciliation of the financial information included in AgileThought's long-term target operating model to the most directly comparable measure prepared in accordance with GAAP because AgileThought is unable to provide this reconciliation without unreasonable effort due to the uncertainty and inherent difficulty of predicting the anticipated expense related to such projections, which is variable. You should review AgileThought's audited financial statements, which will be included in the registration statement relating to the proposed business combination.

Important Additional Information And Where To Find It

This communication is being made in respect of the proposed business combination involving LIVK and AgileThought. LIVK intends to file a registration statement on Form S-4 with the SEC, which will include a proxy statement and prospectus of LIVK, and LIVK will file other documents regarding the proposed Transactions with the SEC. A definitive proxy statement/prospectus will also be sent to the stockholders of LIVK and AgileThought, seeking any required stockholder approval. Before making any voting or investment decision, investors and security holders of LIVK and AgileThought are urged to carefully read the entire registration statement and proxy statement/prospectus, when they become available, and any other relevant documents filed with the SEC, as well as any amendments or supplements to these documents, because they will contain important information about the proposed Transactions. The documents filed by LIVK with the SEC may be obtained free of charge at the SEC's website at www.sec.gov. In addition, the documents filed by LIVK may be obtained free of charge from LIVK at www.livcapitalpac.mx. Alternatively, these documents, when available, can be obtained free of charge from LIVK upon written request to LIV Capital Acquisition Corp., Attn. Alexander R. Rossi <arossi@livcapital.mx>, or by calling +52 (55) 1100-2470.

Participants In The Solicitation

LIVK, AgileThought and certain of their respective directors and executive officers may be deemed to be participants in the solicitation of proxies from the stockholders of LIVK, in favor of the approval of the Transactions. Information regarding LIVK's directors and executive officers is contained in LIVK's Annual Report on Form 10-K for the year ended December 31, 2019, which was filed with the SEC on March 26, 2020. Additional information regarding the interests of those participants, the directors and executive officers of AgileThought and other persons who may be deemed participants in the Transactions may be obtained by reading the registration statement and the proxy statement/prospectus and other relevant documents filed with the SEC when they become available. Free copies of these documents may be obtained as described in the preceding paragraph.

No Offer or Solicitation

This presentation does not constitute an offer to sell or the solicitation of an offer to buy any securities, or a solicitation of any vote or approval, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.

Trademarks

This presentation contains trademarks, service marks, trade names and copyrights of AgileThought, LIVK and other companies, which are the property of their respective owners.

 - Miguel Ángel Dávila, Director, has served as Managing Partner of LIV Capital Group since 2009

\$450M Committed capital since 2004

28 Investments executed to date

90+ Combined years of expertise from management team

AgileThought Fulfills the Attributes of LIVK's Investment Thesis

Focus on a high growth addressable market – **Digital Transformation**

Global and recurrent client base – **U.S. focus with nearshore delivery**

Proven business model with recurring profitability – **18% 2021E Adjusted EBITDA Margin⁽¹⁾**

Expansion opportunity – **U.S. corporate market and M&A capabilities**

Capital markets readiness – **Institutional-level governance and controls**

Unrecognized value – **Valuation upside on the back of results delivered**

Proven management teams – **AT is founder-led with a cohesive management team**

(1) Adj. EBITDA Margin is a non-GAAP financial measure.

Summary Transaction Overview

Transaction Description	<ul style="list-style-type: none"> AgileThought, Inc. (“AgileThought” or “AT”) and LIV Capital Acquisition Corp., (NASDAQ: LIVK; “LIVK”), to combine and create a public pure-play digital transformation services company with a \$491M market capitalization⁽¹⁾. Post-closing entity will be renamed AgileThought and remain listed on the NASDAQ under a new ticker: NASDAQ:AGIL. The Company will be incorporated in Delaware. The transaction is expected to close in 3Q 2021.
Transaction Structure ⁽¹⁾	<ul style="list-style-type: none"> Implied post money enterprise value of approximately \$482M, representing multiples of 2.6x '21E Revenue and 2.0x '22E Revenue, respectively, representing a ~64% discount⁽²⁾ to public comparable companies. Transaction to be funded with a total of \$124M, comprised of \$81M⁽³⁾ LIVK cash in trust, committed PIPE of \$23M from institutional investors, and \$20M of additional capital from LIV Capital’s PE Fund IV at identical terms to the PIPE. AgileThought to receive \$124M in primary proceeds⁽³⁾ and expects to have \$19M in available cash post-business combination⁽⁴⁾. AgileThought will pay down its existing \$97M credit facility in full. Funding pursuant to existing commitments will satisfy the minimum cash closing condition of \$40M.
Pro Forma Ownership	<ul style="list-style-type: none"> Assuming no redemptions, Pro Forma Ownership will be: 70.7% existing shareholders, 8.7% PIPE investors, 16.5% LIVK public shareholders, and 4.1% LIVK founder shares. Initial public float of 29.3%.
Governance	<ul style="list-style-type: none"> Current AgileThought management will continue to run the company. LIVK entitled to appoint one director to the Board of Directors of the post-closing company for so long as the LIVK Founder Group continues to own an agreed upon minimum number of shares of the post-closing company.

(1) Based on a \$10.00 share price. Refer to page 9 for further detail.

(2) Versus public peer market data as of 3/11/2021. Refer to page 36 for further detail.

(3) Assumes no redemptions and includes interest as of May 6, 2021. Actual results may vary.

(4) Source of balance sheet cash based on the primary proceeds of the transaction, payment of the existing \$97M credit facility.

Total Equity Value⁽³⁾	\$490.9
Less: Cash to Balance Sheet	\$18.7
Plus: Earnout Payable ⁽⁴⁾	\$10.0
Pro Forma Enterprise Value	\$482.3

Pro Forma Ownership Assuming No Redemptions

(4) Earnouts payable to selling shareholders of previously closed acquisitions.

(5) Existing shareholders include founders, Nexus Capital, Credit Suisse, and other minority shareholders. Gives effect to conversion of convertible notes, vested RSUs from the Company's equity incentive plan, share-based executive compensation and equity-based consideration for historical acquisitions.

AgileThought Overview

An aerial night view of a city, likely New York City, with a dense grid of illuminated buildings. Overlaid on the image is a semi-transparent dark blue band containing white and teal text. Additionally, a network of glowing blue lines connects various points across the city, suggesting a digital or data network. The overall aesthetic is high-tech and modern.

(1) PF 2018A, PF 2019A and PF 2020A Revenue, Gross Profit and Adjusted EBITDA and Revenue Growth and Gross Profit Margin based on those amounts, are all non-GAAP financial measures; please see pages 44 and 45 for a reconciliation to the GAAP equivalent measures. Forecasts do not include potential acquisitions.

(2) 2020A information is based on audited financials.

(3) Adjusted EBITDA and Adjusted EBITDA Margin are non-GAAP financial measures.

2021 Projected Demand Progression Overview

Total Quarterly Revenue Overview ⁽¹⁾⁽³⁾

(\$ in millions)

New Contracts Progression Overview (Total Contract Value "TCV") ⁽¹⁾⁽⁴⁾

(\$ in millions)

Headcount Supply and Demand Progression Overview ⁽¹⁾

(headcount)

Remarks

- Sequential revenue growth momentum from 1Q21 has remained during 2Q21;
- AT has met new contract's headcount requirements given its access to sound talent pool;
- Cumulative hiring into demand is ramping up;
- Existing debt service requirements have impacted AT's capacity to further accelerate growth;
- AT's sales team generating revenue backlog at ~2.0x the expected revenue growth rate in Q2:
 - Book to Bill⁽⁵⁾ for 1Q21 was 1.3x
 - New contract generation⁽⁴⁾ for 1Q21 compared to 1Q20 and 4Q20 is up 59% and 107% respectively
 - New business as % of sales was 40% in 1Q21 compared to 15% in 1Q20 and 27% in 4Q20

(1) Based on Company's current estimates.

(2) Based on preliminary internal unaudited financials.

(3) Revenue – recognizable revenue according to GAAP in referenced time period.

(4) Total Contract Value based on fulfilling client obligations to record revenue over full term of a contract.

(5) Book to Bill defined as realized sales on won contracts divided by total recognized revenue for the period. **30**

Sales Productivity and Delivery Efficiency Drives Strength

Revenue per Billable Employee⁽¹⁾

(\$ in thousands)

Gross Profit by Delivery Model % of Total

(\$ in millions)

Gross Margin %

As Nearshore represents a larger portion of AT's service delivery resources, gross margins will expand 330+ bps from '20A to '22E

(1) Revenue per billable employee is calculated by dividing PF Revenue by the average billable employees for 2020 and estimated revenue by projected average billable employee for 2022; (Projected ending billable employees 2021+Projected billable employees 2022 / 2 Billable employees are projected based on projected revenue, billing rates and utilization.

(2) PF Revenue, Gross Profit and Gross Margin are non-GAAP financial measures; please see page 44 for a reconciliation to the GAAP equivalent measure. 2020A information is based on audited financials.

Long-Term Goals⁽¹⁾

Revenue Growth	20%+
Gross Margins	35%+
Adjusted EBITDA Margins	20%+

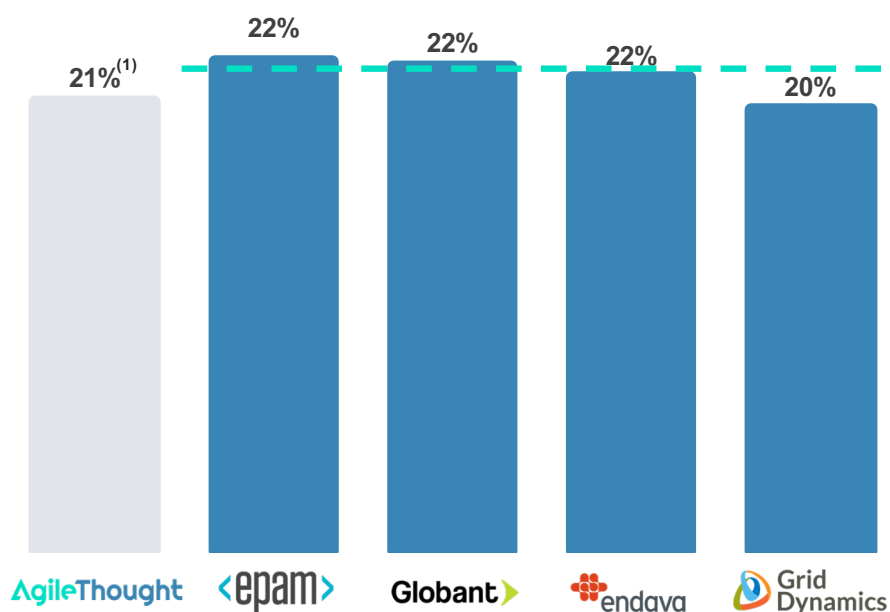

(1) **Disclaimer:** AgileThought has not reconciled any of the non-GAAP measures referenced above to the most comparable GAAP measures in its long-term non-GAAP operating model because certain items are out of AgileThought's control and / or cannot be reasonably predicted. Accordingly, a reconciliation is not available without unreasonable effort. These goals are forward-looking, are subject to significant business, economic, regulatory and competitive uncertainties and contingencies, many of which are beyond the control of the Company and its management and are based upon assumptions with respect to future decisions, which are subject to change. Actual results will vary and those variations may be material. Nothing in this presentation should be regarded as a representation by any person that these objectives will be achieved and the Company undertakes no duty to update its goals as circumstances change

Benchmarking

AgileThought's Growth & Margins are In-Line with Other Pure-Play Digital Providers

2022E Revenue Growth⁽¹⁾

Median: 22%

2022E Adjusted EBITDA Margin⁽²⁾

Median: 20%

Source: S&P Capital IQ Consensus Estimates as of 3/11/2021.

(1) Expected Revenue growth based on CAGR 2020A – 2022E.

(2) Adjusted EBITDA Margin is a non-GAAP financial measure.

AgileThought Compares Favorably to Other Pure-Play Digital Providers

2020A Revenue per Billable Employee⁽¹⁾

Median: \$72

(\$ in thousands)

2022E Free Cash Flow Conversion^(5,6)

Median: 85%

Source: Public Filings, S&P Capital IQ Consensus Estimates as of 3/11/2021.

- (1) Revenue per billable employee is calculated by dividing FY2020 revenue by billable employees; Billable employee count based on average of Dec. 2019 and 2020.
- (2) 2020A information is based on audited financials.
- (3) FX Rate: Financials translated into USD at an exchange rate of 1.390201857 USD/GBP.

(4) Grid Dynamics is based off total headcount; billable employees undisclosed.

(5) Free cash flow conversion calculated using Adj. '22E EBITDA less '22E Capex / Adj. '22E EBITDA.

(6) Free cash flow conversion is calculated using Adj. EBITDA, which is a non-GAAP financial measure.

AgileThought's Transaction Value is at a ~64% Discount to Other Pure-Play Digital Providers

Source: S&P Capital IQ Consensus Estimates as of 3/11/2021.

(1) AgileThought valuation based on total enterprise value from pages 8 and 9.

AgileThought's Transaction Value is at a ~60% Discount to Other Pure-Play Digital Providers

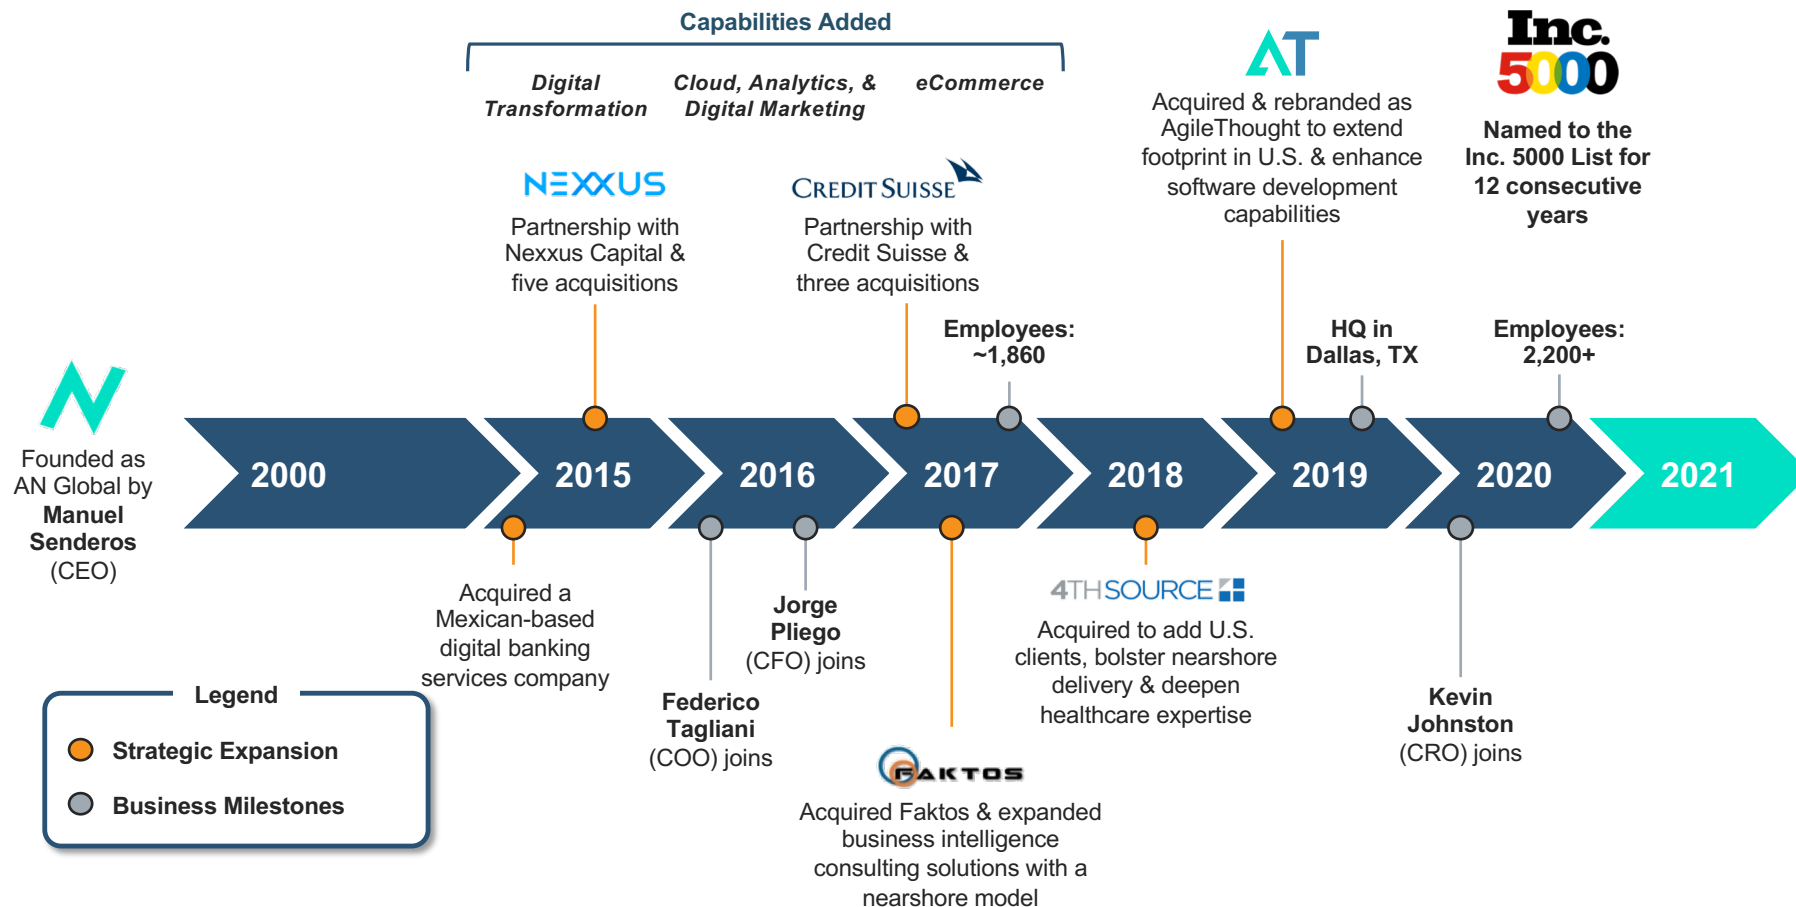

Source: S&P Capital IQ Consensus Estimates as of 3/11/2021.

(1) Adj. EBITDA is a non-GAAP financial measure.

(2) AgileThought valuation based on total enterprise value from pages 8 and 9.

Appendix

Digital Transformation Partner of Choice for 20+ Years

Strategic Approach to Talent Sourcing and Retention

Scalable talent acquisition and retention strategy drives efficiency and productivity

(1) Two-year average retention rate of billable employees for period 2019A to 2020A. Calculated by dividing the number of billable employees who voluntarily exited by the average number of employees in the past two years. Adjusted to reflect impact of acquisitions, dispositions, discontinued operations and a non-core project.

Strategic M&A will Continue to Supplement Strong Organic Growth

Key Strategic Acquisitions

	 2018	 2019
Description	Application development and nearshore delivery business	Provider of enterprise software development and transformation services
Rationale	Bolstered near-shore operations – U.S. customer base with 90%+ delivery in Mexico	Knowledge of consultant methodologies Core customer base Strong employee productivity

+ 9 other acquisitions

Successful integration of acquisitions has allowed AgileThought to more than double in size and deliver the full suite of products it offers today

Client Case Study: International Financial Services Company

Delivering substantial value, building a long-term client relationship

Client Overview

- Regional subsidiary of an international financial services company that is **one of the largest banking institutions in the world**
- Parent company operates in 5+ major international markets
- 25,000+ employees and 2,500+ branches in the region

Client Challenges

- Faced challenges in its ability to **deliver products to clients quickly**
- Poor integration between AgileSquad Teams and Release Teams
- **Difficulty bringing new technology and advanced products to consumers**

AgileThought's Multilayered Solution

- **Integration of DevOps team and Dev team**
- Implementation of a release management digital tool
- Consulting, mentoring and technical training to prepare all teams for a new Agile / DevOps model
- Three-year contract to implement, control and evaluate the model on a virtuous-cycle basis

Client Relationship Summary

- The AgileThought team has 220+ full-time consultants working on projects, with 100 of these dedicated to AgileSquad teams
- AgileThought supports the Client across infrastructure support, security office center, cyber security, cloud services and database management
- Client across Innovate, Build and Run

> 10-year tenure

16% CAGR

2018A – 2021E Client Revenue⁽¹⁾

Proven Impact

45% reduction in preparation time

Improved quality of the deployment plan

20% reduction in technical team errors / deviations

25% reduction in deployment windows due to greater control over time and release functions

PF 2019A to 2020A Revenue & PF Adj. EBITDA Bridges

2020A Growth challenged by the impacts of COVID

PF 2020A Revenue Bridge

Drivers

- 1 Lost revenue from delayed or canceled projects and restructured contracts due to COVID
- 2 Revenue from projects that ended in 2019A due to normal course business

PF 2020A Adjusted EBITDA Bridge

Drivers

- 1 Salary decreases, reduction in third-party contractor spending and COVID related reductions in force
- 2 G&A related expense reductions, accrual reversals and cancellation of variable compensation
- 3 Decrease in gross profit due to the impact of COVID impacted clients, transition clients and normal course ending contracts
- 4 Other COVID related savings such as real estate, IT and HR expenses

(1) PF 2019A and 2020A Revenue are non-GAAP financial measures; please see page 44 for a reconciliation to the GAAP equivalent measures.
 (2) 2020A information is based on audited financials.

(3) New business is comprised of revenue from upselling and new clients (new logos).
 (4) PF 2019A and 2020A Adjusted EBITDA are non-GAAP financial measures; please see page 44 for a reconciliation to the GAAP equivalent measures.

PF 2020A to 2021E Revenue Build & Adj. EBITDA Bridge

2021E Growth trending upwards as the impacts of COVID begin to fade

2021E Revenue Build

(\$ in millions)

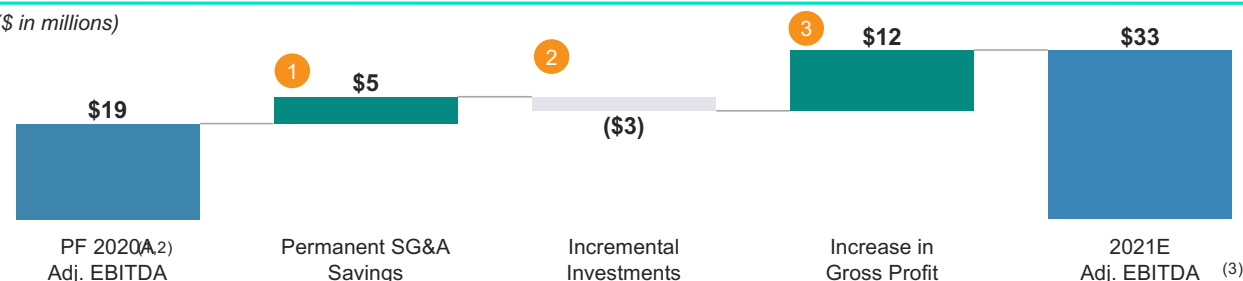

Drivers

- 1 Revenue retention rates increasing as the impact of COVID lessens
- 2 Upselling opportunity increases from 2020 as IT spending becomes less conservative, and clients ramp digital transformation spending to address effects of COVID
- 3 As Revenue retention rates normalize, Revenue from new logos ramps as AT invests more capital into its sales team and sales productivity increases

2021E Adjusted EBITDA Bridge

(\$ in millions)

Drivers

- 1 Expense savings carryforward from 2020 initiatives
- 2 Investments in the sales team and IT
- 3 Gross profit growth from increased revenue and the continued shift to a nearshore focused delivery model

(1) 2020A information is based on audited financials.

(2) PF 2020A Adj. EBITDA is a non-GAAP financial measure; please see page 44 for a reconciliation to the GAAP equivalent measure.

(3) Adjusted EBITDA is a non-GAAP financial measure.

2021E to 2022E Revenue Build

A return to 20%+ growth in 2022E through retention rate normalization, enhanced sales execution and fertile upsell opportunities

2022E Revenue Build

(\$ in millions)

Drivers

- 1 Revenue retention rates normalize to pre-COVID levels (80%+)
- 2 Taking larger wallet share from enterprise clients (on average, AT is penetrating only 3% of its enterprise clients' total IT budget) and capturing imbedded growth from rapidly expanding platform companies
- 3 Increasing growth in new business, as AT adds more sales representatives, improves salesforce productivity and targets larger deal sizes

Definitions

PF Revenue is defined as GAAP revenue plus adjustments for acquired businesses and less adjustments for divested or discontinued businesses.

PF Gross Profit is defined as GAAP gross profit plus adjustments for acquired businesses and less adjustments for divested or discontinued businesses.

PF Gross Profit Margin is defined as PF Gross Profit divided by PF Revenue.

PF Adjusted EBITDA is defined as Adjusted EBITDA plus adjustments for acquired businesses and less adjustments for divested or discontinued businesses.

PF Adjusted EBITDA Margin (for 2018, 2019 and 2020) is defined as PF Adjusted EBITDA divided by PF Revenue.

Adjusted EBITDA is defined as net profit/(loss) plus income tax expense/(benefit), plus other interest expense, net, plus other expense/(income), plus impairment losses, plus depreciation and amortization, plus FX (gains)/losses, plus stock-based compensation expense.

Adjusted EBITDA Margin (for 2021 and 2022) is defined as Adjusted EBITDA divided by GAAP revenue.

Free Cash Flow Conversion (for 2022) is defined as Adjusted EBITDA less GAAP Capital Expenditures divided by Adjusted EBITDA.

Revenue Per Billable Employee is calculated by dividing PF Revenue by average billable employees for 2019 and 2020 and estimated revenue for 2021 and 2022 by average projected billable employees. Billable employees are projected based on projected revenue, billing rates and utilization.

New Business Revenue is comprised of revenue from upselling and new clients (new logos).

Average Retention Rate is calculated by dividing the number of billable employees who voluntarily exited by the average number of employees in the past two years. Adjusted to reflect impact of acquisitions, dispositions, discontinued operations and a non-core project.
